North Carolina HealthyBuilt Homes

Dated: May 31, 2005 to June 30, 2005 *[note: under development but will be honored if sponsor commits during time frame noted]*

NC HealthyBuilt Homes vision is that homes in North Carolina support the health, comfort and safety of their occupants and are durable, affordable and environmentally responsible. NC HBH supports this by working with builders, subcontractors, building professionals and community leaders so that high performance sustainable homes are the market standard by 2020.

NC HBH is a collaborative program between the North Carolina Solar Center, the State Energy Office-NC Department of Administration and local building professional organizations.
